🔗 PROFILE SUMMARY

MCA graduate with over **2 years of experience** in **full-stack web development**, specializing in **Python, React.js, Next.js, Node.js, Express.js, REST APIs, MongoDB, MySQL**, and **cloud technologies**. Experienced in designing, developing, testing, debugging, and deploying scalable web applications in **Agile** environments. Skilled in **component-based software development, API integration, database management, SDLC, Git/GitHub** workflows, and **AWS** cloud deployment. **AWS Certified Cloud Practitioner** with strong analytical, problem-solving, communication, and teamwork skills.

🧠 SKILLS

Languages: Python, Java, JavaScript (ES6+)

Frontend: HTML5, CSS3, Bootstrap, React.js, Next.js

Backend: Node.js, Express.js, Django, REST APIs

Databases: MySQL, MongoDB

Cloud & Deployment: AWS, Google Cloud Platform (GCP), Docker, Vercel

Tools & Version Control: Git, GitHub, VS Code

Methodologies: Agile Development, Software Development Life Cycle (SDLC), Component-Based Development, REST API Integration, Debugging, Software Deployment

📁 EXPERIENCE

Nov 2024 – Jun 2026

Software Developer

Spartech Software Solutions

- Contributed to a healthcare AI project by integrating **MedSAM** models on **Google Cloud Vertex AI** for medical image segmentation and participated in debugging to improve application reliability.
- Developed and maintained scalable web application components using **Next.js**, integrating **REST APIs**, implementing form validation with **Zod**, and managing server communication using **TanStack Query**.
- Deployed application components on **AWS S3** and collaborated with cross-functional teams in an **Agile** environment to deliver scalable, high-quality software solutions.
- Used **Git/GitHub** for version control, feature integration, and collaborative development while building responsive user interfaces with **HTML, CSS, JavaScript, and React-based technologies**.

Jan 2024 – Mar 2024

Software Development Intern

Tisser Technologies LLP, Kottayam

- Developed a **Blog Post Management System** using **Django**.
- Designed responsive user interfaces using **HTML, CSS, and JavaScript**.

- Developed backend functionality including **authentication**, **CRUD operations**, and server-side logic.
- Built **REST API** features, integrated frontend with backend services, and performed **testing** and **debugging** to ensure application functionality.

Jul 2023 – Aug 2023

MERN STACK Intern

CamerinfoLks Pvt. Ltd, Kochi

- Developed a full-stack e-commerce web application using the **MERN Stack**.
- Built dynamic user interfaces using **React.js**.
- Developed **REST APIs** using **Node.js** and **Express.js**.
- Managed product and user information using **MongoDB** while collaborating with the team using **Git**.

EDUCATION

2022 – 2024

MCA

Saintgits College of Engineering, Kottayam

University: KTU | CGPA: 7.35/10

2019 – 2022

B.Com Computer Application

Saintgits College of Applied Sciences, Kottayam

University: MGU | CGPA: 6.85/10

PROJECTS

Shopping cart

- Developed a scalable e-commerce application using **Next.js**.
- Implemented product categories, product listings, and shopping functionality.
- Managed product information using **MongoDB**.
- Deployed the application on **Vercel** following **component-based architecture**.

CropSense

- Built a crop recommendation system using **Python**, **Random Forest** machine learning models, and **Flask**.
- Integrated **APIs** to fetch real-time environmental data for accurate predictions.
- Used **Git** for version control and collaborative development.

CERTIFICATIONS

Full Stack Development (MERN Stack), Illinois Institute of Technology (Entri Elevate) — Ongoing

AWS Certified Cloud Practitioner — 2025 (Valid till 2028)

Data Analytics with Python(NPTEL) — 2023
